A Kids' Chance "Thank You" To

*From the very beginning the Kentucky Workers' Compensation Educational Association has "been there" for Kids' Chance. Even prior to the formal creation of Kids' Chance of Kentucky, the KWCEA championed the cause by raising awareness of the program and rallying support. KWCEA has been the single largest source of funds for Kids' Chance Scholarships contributing almost \$70,000 over the past seven years. To the KWCEA Officers & Board of Directors ...for your past, present, & future support...
Thank You! You Provide a "Chance"!*

Kids' Chance Recognizes Callie Horn, 2011 Kids' Chance Graduate

Callie grew up in Whitesburg, Kentucky and graduated from Letcher County Central High School in 2007. She was active in many volunteer organizations that served the community including the Letcher County Historical Society and her local Church. In High School she was an Honors Student, Governor's Scholar, participated in sports and in various school clubs. Callie "qualified" for our scholarship in 1997 at 8 years old when her father, Greg Horn, was killed in a drilling accident while taking soil samples for a state highway construction project. Callie graduated from Transylvania University in Lexington this past spring and we are pleased to recognize her as a Kids' Chance Graduate!
